SRC EMERGENCY AID

During the emergency phase, the Singapore Red Cross:

- launched a public appeal to raise funds for relief efforts
- contributed S\$200,000 for emergency relief supplies to the Philippine Red Cross for immediate distribution
- launched hotlines for 'Restoring Family Links' service to assist Singaporeans and Filipinos in locating their family members who may have been affected by the disaster, and with whom they have difficulty contacting
- deployed an advance relief team to Malapascua, Cebu and Barangay Mahayahay, Ormoc from 14 to 18 November, for assessments to pave the way for the next missions. They also helped with food and relief distribution to the affected population.
- mounted three medical relief missions to provide critical support at the San Pablo Health Centre Catchment Area, serving 20,000 people from 17 Barangays.
- conducted psychosocial support activities, such as art therapy, to help the children cope with their loss
