Learn Skills, Save Lives

Accidents can happen anywhere, even in the safest of environments. **First aid knowledge can make a difference in emergencies and is a valuable skill for individuals and communities.**

Singapore Red Cross has championed first aid training for over 70 years. As the country's leading first aid training provider, we continue to equip more people with basic first aid knowledge to empower individuals in saving lives.

Working towards the national goal of having a first aider in every home, the **Singapore Red Cross Academy (SRCA)** offers a series of first aid courses catering to various ages and needs.
